## *Beneath the Asylum* Jordan Grupe

This asylum is full of secrets. Some worse than others...

A security guard in an infamous old mental hospital finds something unusual during his routine patrol of the basement tunnels: The sounds of a small girl crying.

The crying sounds are coming from behind a padlocked door in an abandoned section of the hospital, and he moves in to investigate. Unfortunately for him, this is no ordinary girl. What ensues is a story of mystery, intrigue, and suspense. At times horrifying and hilarious, this is a tale of one man's journey to discover the truth in an asylum where not everything is as it seems, and not everyone is who they say they are...

Inspired by the author's own intriguing experiences as a security guard at a psychiatric hospital, the novel *Beneath the Asylum* follows a guard's journey of horrific discoveries on probing a hidden maze of tunnels beneath a decaying old mansion on the site of a mental hospital.

# *First Person Singular Vol. 2*

*85 Very Short Stories of Wit & Wisdom*

Ross Ulysses Munroe

When I was 18, I went to my friend Jocko's Century cottage on an island in the Kawartha Lakes for a weekend getaway with buddies.

The majesty of Nature abounded, and I had an epiphany sitting on the dock with the lake all around. The wind had riffled the water with a thousand dancing maidens, glistening in the waning sun.

Looking closer, a scene began to develop in every wavelet, each individually telling its own story and together, forming a grand tapestry of a unified whole. Such is the manner in which my life has played out since. And this experience has set the tone for the pages that follow, both the sublime and the mundane.

# *Snowman*

R. J. Keeler

The poems in *Snowman* are full of intelligence, humor, and craft. I found myself through Keeler's love of language and ability to capture broad experiences – from the scientific to the political to the personal – moved one minute and laughing out loud the next. A book like no other, brimful of uniqueness and surprise.

- **Yvonne Higgins Leach**, poet-author of *Another Autumn*

*Snowman* presents a remarkable collection of intriguing and thought-provoking poetry from R. J. Keeler  
- **Michael B. Davie**, author, *Hammertown*

**R. J. Keeler** began writing in 1970 under the direction of Guy Owen.

Keeler's second book of poetry *Snowman*, contains poems from over thirty years of writing. His style ranges from traditional forms (sonnets, villanelles, sestinas) to less formal arrangements, and in content from science to silliness, to love and death.

His writing tends to be distinct from many academic writers, for whom he has a mild disdain.

Keeler has been published in over seventy literary journals and has won (or been named a finalist in) several contests and awards.

He is currently completing the set of poems for his third book of poetry.

He currently lives on Vashon Island, Washington. He is a minor Luddite, thus can only be contacted by email at [ncsu.snowman@gmail.com](mailto:ncsu.snowman@gmail.com).

# *First Person Singular*

*84 Very Short Stories of Wit & Wisdom*

**Ross Ulysses Munroe**

There are the little events in life. And there are the significant events in life. Individually, they all seem to have their place. But what happens when we take them together as one?

A unified picture begins to emerge, much like an impressionist painting, a mandala, a lenticular image, an autostereogram, yielding up an underlying theme that sews one's experiences into a deeper narrative, rendering a profile of the myths we are living out. It is the Rorschach analysis of our souls. And it has no name.

## *Coven of the Soul Sisters* Laverne Stewart

Best-selling author Laverne Stewart (*Angels in the Afterlife*; *Healing After Homicide*, *Haunted Heart*) offers a gripping new read with *Coven of the Soul Sisters*. Her novel chronicles the plight of those accused of witchcraft and sentenced to death in 1690s New England. Then, this intriguing novel catapults into current times where reincarnated victims and persecutors of the past find themselves again grappling with religious beliefs and zealots inflicting suffering on non-believers – and witchcraft to some remains an unforgivable sin punishable by death.

*“Eloquent, well written and researched... Stewart draws you in and holds you captive. As you turn the pages you cannot help but hold your breath knowing what may lie ahead. The fictionalized account of one of the darker periods in American history seems more real than dramatized. A stunning achievement.”*

- **Tracy Riva**, Midwest Book Review

*“... Coven of the Soul Sisters ... was almost a memory of sorts. This could have been one of my past lives. Laverne weaves a story that brings emotions to the surface and makes you feel that you are one of the characters. You just need to keep reading to see what will happen next.”* - **Patti LeBlanc**, Spiritual intuitive.

*“Being of Irish decent and living in Atlantic Canada, I dove into Coven of the Soul Sisters with anticipation of reading a story about my people from afar and the First Nations communities that welcomed us to this beautiful land. Author, Laverne Stewart was clever to keep me wondering the country origin of the Celtic couple that boarded the ship, in the 1600’s, as they fled witch hunts to find peace with relatives in the New England states of America. Curiosity taunted me to the end. We all have our own way to savour a good read. Mine is to never to turn back a page. I believe my first take on my first read is what I need!*

- **Julia Bannister**, Director, Ceili Kids of Canada, English Major, Social Worker, Irish Dance Teacher

### **About the Author of *Coven of the Soul Sisters*:**

**Laverne Stewart**, best-selling author of non-fiction titles *Angels and the Afterlife*, and *Healing After Homicide*, first turned her hand to fiction with *Haunted Heart*, an historical romance novel set in past and present periods in her hometown of Fredericton, New Brunswick. With *Coven*, she further explores the realm of fiction and the supernatural. The critically acclaimed author is also a former award-winning career journalist of 30 years, with major newspapers, radio and CTV television.

# *Journalist on Trial*

Rodney D. Sieh

*Journalist on Trial* is the captivating story of investigative journalist Rodney D. Sieh, a story that will resonate with many journalists today in an era consumed by daily tweets of a sitting US President and a 24-hour news cycle that has seen real news eclipsed by fake news, and attempts to muzzle the free press. As publisher of Liberia's leading newspaper, *FrontPageAfrica*, Sieh's explosive reports have led to arrests, prosecutions and investigations of prominent Liberian government officials. Sentenced to 5,000 years in prison on a trumped-up libel charge (an attempt to stop him from exposing government corruption), Sieh's imprisonment triggered an international outcry with journalist rights groups (member-reporters from The New York Times, Toronto Star, Globe, Sun, BBC) securing his release. Reporters Without Borders' named him an Information Hero for his work with the Daily Observer newspaper and BBC television, which forced him into exile to London, followed by refuge in the U.S.

Accepting the change from employee to business owner is your first step in an entrepreneurial awakening. As I became more awake, the rate of change in my understanding increased. There is no cap on knowledge. Although I have come a long way from those first days of business ownership I can see there is much I have yet to experience, and I accept that there are things I do not know that I do not know.” - **Barb Stuhlemmer**

“Via his poems’ multi-layered quality, Prattis takes the reader through the immensities of joy and pain, through the infinite and the mysterious. He dissects the dissonance of the modern world with the scalpel of his poetic musings, and describes the interflow between the human soul and the spirit of earth, paving his quest for spiritual evolution and higher meaning. Prattis’ poetry is a poetic narrative of our basest attributes as a species, our greed and propensity toward a savage violence, as well as our ability to love beyond the telling power of words. His verses awaken the sense of the infinite within us surging our hearts with the power of their message. They restore the possibility of the ancient dialogue between humans and nature, and... they restore a sense of optimism.”

## ***Less Law, More Order***

Irvin Waller

**BOOKLIST:** "...Waller, a professor of criminology, challenges conventional practices of law enforcement in reacting to crime. He presents scientific research, demonstrating crime prevention projects that successfully tackled factors at the root of crime. Yet, despite findings by numerous prestigious commissions from both national and international sources, the current response appears to be increased incarceration... Waller details programs that have proven successful in reducing crime by helping at-risk youth to complete school and get job training, preventing family violence, restricting hand guns, and addressing drug abuse through public-health services. Waller also advocates services to support victims and protect their rights. But he emphasizes "smarter" policing, which involves better utilization of available resources. However, the clear challenge is to get responsible officials to see a more effective deterrent to crime is to address social issues that lead to crime rather than the current reactive practice of increasing penalties and reacting to crime after it occurs."

**CHOICE:** "...demonstrates how the punitive approach is actually tough on victims and taxpayers and produces questionable outcomes... offers a series of policy proposals addressing known causes of conventional crime, starting with programs to invest in more effective parenting and schooling... a useful overview of the case for an alternative to the current crime-fighting public policies. Recommended..."

*"Powerful, passionate and persuasive writing, Less Law, More Order makes the case for prevention over punishment, for early Investments in families and education over profligate incarceration. Evidence-based, Waller's approach will reduce crime and victimization and will save money – A must-read for every voter."* – **John A. Calhoun**, Founding president and CEO National Crime prevention Council; Former U.S. Commissioner of the Administration for Children, Youth and Families.

**Audience:** General trade audience across North America – also strong academic audience and law enforcement and judicial system audience. # *Haunted Heart*

Laverne Stewart

*“When I began reading *Haunted Heart* I knew right away I was going to love it! Laverne Stewart weaves her stories in a way that brings them to life and attaches them to the reader – heart and soul. Knowing the other side as I do, and how persistent Spirit can be, this book highlights an incredible story of love that withstands every mortal test in its path. The main character of Sarah Harrison is especially endearing. After losing her loving father and then a mother who doesn't know how to love, Sarah begins a journey that is more than just inheriting a home from an aged quirky cousin; it's a journey of understanding that love is timeless, and love that is meant to be will endure all that life can throw at it. Guided by the wisdom and humour of Hannah Sullivan, Irish housekeeper extraordinaire, colourful insightful tours of New Brunswick landmarks and icons, Stewart captures the essence of love through the ages East Coast style; an incredible story of timeless attraction.” – Suzanne Riley, Psychic Medium*

*“*Haunted Heart* is a book for everyone. It's easy to read... storyline flows well. It is funny at times but not comical. It is a love story, which will make you smile while you try to foresee what's coming right until the end. There are also a few delightful surprises. All the characters are enjoyable but two favourites are Chaz and Hannah. Chaz is a good friend to Sarah. He is flamboyant, yet very practical and nonsensical. Hannah is entertaining with her no-nonsense dialogue. She believes in spirits and is in cahoots with Sarah's dead ancestor to bring a romance to fruition.”*

A Canadian-American university professor is beset with visions of dire things past, present and future; of death and tragedy and dark secrets hidden in the American countryside – including a ruthless waste management firm that finds toxic garbage is gold and no amount of environmental damage or loss of life is too high a price to pay for massive profits. With touches of humour and personal observations on the human condition, Thomas breathes life into his characters and keeps our heart rates soaring as he skilfully takes the plot through unexpected twists and turns and masterfully builds tension to the breaking point.

**Ian Thomas** is beloved around the world as the singer/songwriter of smash hits *Painted Ladies*; *Hold On*, *Come the Sun*, and *Right Before Your Eyes*, plus hit songs for Manfred Mann, Santana, Chicago, America, etc. *Bequest* went into multiple printings and was paired by Amazon with Cormac McCarthy's *The Road*.

“... a page-turner of a first novel... death, murder, corruption and metaphysics ... George Moss is gifted – or cursed – with ‘The Sight’, premonitions of the future and the ability to get inside the minds of those close to him who have died... then his psychic powers reveal disturbing suggestions about how his father died and grim consequences in terms of the environment ... at times philosophical, at times amusing... always a gripping read as the danger unfolds...”

- **The Toronto Sun**

“I couldn't put the damn thing down... tightly crafted... lots of pithy observations on life, sexual relations, ethics, morality and politics... fast-moving... I wish I owned the movie rights.”

# *The Lost Chord*

Ian Thomas

"...fast-moving, plot-twisting thriller... also an aspiring novel of ideas, in which the writer... chastises religious intolerance...and envisions in detail a 'life after life'... Ian Thomas has created a fascinating world and a worthy page-turner for a winter's night." - **Peter Feniak, *The Globe & Mail***

"...Thomas finds himself in *The Lost Chord*... a perfect combination of musical notes... to send a spirit to the heavens... a portal to another world or spiritual parallel... gothic thriller in a *Da Vinci Code* sense... confronting all the big issues – religion, spirituality, love, death, life and the reasons for our very existence..."

- **Graham Rockingham, *The Hamilton Spectator***

"Ian Thomas's *Lost Chord* is a metaphysical nail-biter... kept me engaged emotionally and intellectually without food or drink for about 20 hours... unusual and thought-provoking... deserves huge attention from readers with a taste for unconventional thinking..." - **Mag Ruffman, *The Globe & Mail***

*The Lost Chord* is the eagerly awaited second novel by singer-songwriter-author Ian Thomas. With a storyline that crosses into the realm of the otherworldly, *The Lost Chord* is certain to captivate the reading public with a compelling story of murder and madness, ancient secrets and modern day intrigue. *The Lost Chord* is an incredible journey into the uncharted waters that reside on the other side of physical existence. To return to an earthly plane from such a journey is to face the daunting struggle of learning to live with a knowledge no human being should possess. In 1847, a Franciscan monk, stumbles on a musical means facilitating consciousness leaving the body. The problem is ... getting back! Not only does his work place many lives in jeopardy in his own time, but when his manuscript surfaces in 1989 the trouble begins all over again. There is a good reason why some of the greatest minds from Plato to Shakespeare have pondered the spiritual nature of music.

**Ian Thomas**, singer/songwriter of such smash hits as *Painted Ladies*; *Hold On*, and *Right Before Your Eyes*, (plus songs written for America, Chicago, Manfred Mann, Santana, etc.) arrived on the literary scene in 2006 with the release of his bestselling debut novel *Bequest* relating the story of a professor beset with visions of dire things past, present and future; of death and tragedy and dark secrets hidden in the American countryside. Hailed by the *Toronto Sun* as a "gripping page-turner," *Bequest* won the author a wide audience. Bestseller *The Lost Chord* went into a 2<sup>nd</sup> printing – further evidence of the Thomas touch.

*“The murder of women by their intimate partners occurs on a daily basis in America. And every day, you can also find thousands of women and their children living in emergency shelters and safe houses to escape domestic violence... As someone who has never been in an abusive relationship, I was intrigued by the dynamic of abuse. What would make a woman choose to involve herself with a man who appears to despise her? I began to ask such questions while working for a women's shelter where I met some amazing women who shared their stories with me... This has been a sad but enlightening journey. But out of all of those fascinating and heart-breaking pieces of tragedy I was able to weave together the purely fictional story of Teale's escape from abuse to freedom... It is my hope that this fictional story leads to a deeper understanding of a very real problem that causes untold pain to women every day.”*

They were originally oral folktales thought to belong to the ‘peasant’ class, until the literary salons of the 17<sup>th</sup> Century adopted them as their own. They have been retold countless times and hundreds of years later they still resonate. They are a guide through the dark woods of life and a conversation with our mythic selves... ## About the Author

Alyxandra Harvey lives in an old Victorian stone house with her husband, dogs, and a few friendly ghosts. She loves medieval dresses, used to be able to recite all of *The Lady of Shalott* by Tennyson, and has been accused, more than once, of being born in the wrong century. # *The Late Man*

A Novel

Michael B. Davie

After years in a mental institution, 1960s flower-child Jay Emerson escapes and 'awakens' in a world he no longer understands. Like a modern-day Rip Van Winkle, he finds everything and everyone around him has changed: 'Message' songs have been replaced by meaningless disco dance tunes; boxy econo-cars travel roads previously dominated by muscle cars; anti-establishment friends are now materialistic 9-to-5 strangers - and they refuse to reveal the fate of his former girlfriend...

“...a spell-binding psychological adventure tale ... The Late Man brings back the 'Sixties with a vengeance!”

- **Deborah Morrison**, author, *Mystical Poetry*

“...I highly recommend *The Late Man* by Michael B. Davie. Why? Unlike a lot of novels that give superficial treatment to the 1960s-1970s era or present it in idealistic terms, *The Late Man* offers a compelling story that pulls the petals off "flower power." In this so-called age of free-expression, the novel's main character spends most of his time trying to fit in and conform with a set of rules that may differ from mainstream society - but are rules all the same. He discovers he's not as free as he thinks he is and he's duped into making bad decisions while trying to be cool. This work of fiction will make you think long and hard about your perception of reality during a time of life that continues to influence generations...”

*“Rosa Harris has assembled a series of very thought-provoking aperçus of her times and generation. They are all from different angles and none is ponderous or over-long. The result is a very pleasing, very easy, and often poignant, read.” – Conrad Black*

*“I’ve known Rosa Harris for 25 years, starting when she worked at a city magazine in Montreal. It was in the final few months before Generation X was published and there was no awareness in the culture that something, anything, might want to cleave away from the baby boomer’s stranglehold on all things generational... She’s one of the few boomers who is fully aware of just how annoying and self-absorbed her generation really is... fully aware of the historical forces that had to align to create the most... narcissistic birth cohort in the history of our planet, yet she can really tap into this awareness to create something sensitive and smile-inducing. I think you’ll enjoy this book.”*  
(from the Foreword by **Douglas Coupland**, author, *Generation X*, and several other top international bestsellers)

*“Rosa Harris, renowned national award-winning journalist, editor, talk show host and journalism professor, has crafted a collection of insightful, humorous and touching essays on the baby boomer generation that will leave you smiling, laughing and reminiscing on the times of your life. Baby boomers will see themselves in many of Rosa’s musings on the most amazing generation ever!”*

Pat MacAdam

Foreword by **Barbara Ann Scott**

**Pat MacAdam** is a renowned best-selling author and columnist for the Ottawa Sun with a natural gift for story-telling that has won the writer widespread critical acclaim. The author is also a meticulous researcher who spent literally years digging into the story behind *Gold Medal 'Misfits': How the unwanted Canadian hockey team scored Olympic glory*. Rare photos and interviews with the original players and key people behind the scenes are skilfully woven into a breathtaking story of scorn, triumph and redemption. This is sports writing at its finest. MacAdam breathes life into a never-before-told story and keeps our heart rates soaring as he skilfully helps us relive hockey history!

*"...the best storyteller I have ever encountered and I have met and read the best..."*

- **Mordecai Richler**, author, *Barney's Version*

*"Outstanding... nostalgic... Canadian treasure."*

- **Brian McFarlane**, *Hockey Night In Canada*

*"a real life miracle I was privileged to witness..."*

From the **Foreword** by **Barbara Ann Scott**

*"Pat MacAdam combines the warm skills of a born storyteller with the cold eye of a stubborn investigative reporter... Cinderella story of one of Canada's most successful and least known hockey teams... a great sports saga... a tale of human achievement against impossible odds..."*

- **Peter C. Newman**, *Canadian Establishment*

**Audience:** Sports fans everywhere. It's the untold story of a team cobbled together at the last minute that was so severely trounced in an exhibition match that many Canadians were against sending them to the Olympics for fear of embarrassment. With little financial support, the team stayed in fleabag hotels and were widely ridiculed – until they hit Olympic ice and made hockey history.

# Swords at Sunset

Michael Bradley

Foreword by

John Robert Colombo

*Swords at Sunset. Last stand of North America's Grail Knights*, is by best-selling author **Michael Bradley**, a recognized expert on the Holy Grail and author of literally dozens of critically acclaimed books, who has also served as a researcher for major Hollywood movies *National Treasure* and *The Da Vinci Code*.

*Swords at Sunset* cites historical/archaeological evidence to support Bradley's contention that descendents of Jesus Christ and their protectors, the Knights Templar, fled the Inquisition in Europe in the 1300s for North America. In *Swords at Sunset*, Bradley contends they met their end in what is now Niagara (Canada) and Vermont (USA) in conflicts with Native tribes. Photographs of ancient European weaponry found near Beaver Creek, alongside numerous Indian arrowheads and other archaeological evidence support this intriguing and compelling theory.

“A Grail tale to beat them all...”

- The Toronto Sun

“Astonishing work of speculative non-fiction.”

# Extreme Heat

A Firefighter's Life

Jimmy Allen

*"I heard one strange, disembodied voice say: 'Hit the pedal – we're losing this guy!' I kept looking around, wondering who they were talking about. It was me! I was on my way to the hospital in an ambulance... After 30 years and a multitude of injuries, dealing with fires, explosions, burn victims and cave-ins, your head becomes so messed up. We all deal with death differently. For quite a while, I drank too much... We responded to a fire call at 3 am. We lost a mother and five little children because the drunken scumbag of a husband upset a petro-fired space heater. When I thought of those poor little innocent kids, my heart began to crack... Firefighters who don't cry, who can't cry, die!"*

– **Jimmy Allen**, author, *Extreme Heat – A Firefighter's Life*

**Jimmy Allen** (shown here with Sean Connery) is a natural story teller in the no nonsense style of Mickey Spillane. Bestselling author Peter C. Newman lauds his writing as “visceral and riveting.” This is autobiographical writing at its finest. Soon to be a major Bestseller.

“**Jimmy Allen** doesn't pull any punches. From the moment you begin reading this autobiography you're immediately captivated by Allen's earthy and blunt writing style. His gift for taking you to the scene to live through the horror is evident throughout... Allen relates gut-wrenching moments with clarity and unprecedented realism – this is likely the first time a firefighter's autobiography has offered such gripping detail. Admiration for firefighters only intensified during and after Sept. 11 – this book reaches out to a wide audience and takes you into the depths of hell and *back*.”

# *Unforgivable Sins*

*Protecting Our Children from Predators*

Scott Hall

*"This book is for the children past who were sexually abused and for the children of the certain future where sexual abuse has been banished from society... It is my belief, based on having heard the stories of over one thousand victims of sexual abuse, approximately one in every five children in North America has been sexually abused... Fortunately, through a combination of education and awareness programs at home and at school, children are now being taught to be more assertive the second they are touched improperly... If this book is about nothing else, it is about the vital importance of teaching children about abuse at an early age. Knowledge prevents sexual abuse. The best people to deliver this knowledge are mothers. The best time to deliver this knowledge is today."* – **Scott Hall**, author, *Unforgivable Sins*

The Courts have now come to recognize sexual abuse can have devastating psychological effects on a child in later years.

**Scott Hall**, a lawyer based in Victoria, BC, was under contract with the British Columbia government in the 1980s when he first became aware of large numbers of sexual abuse complaints from youth at Native Indian residential schools. Hall came to devote much of his professional career representing abused children and bringing their abusers to justice. Hall has advice on how to prevent our children from being raped, and how the children who have been sexually assaulted can begin to heal.

# Perfect Prey

*Surviving a Cyber Shark's Romantic Fraud*

Liz Cole

*"Millions use Internet-dating sites to look for love. Some find their mates, some find disappointment. And some find something far more dangerous - con artists and sex predators lurking in the shadows of cyberspace."* – CTV's W-Five Investigative Journalism program

*"What do you do when your charming knight on a white horse turns out to be Satan in a tuxedo? (this is the true story of how one woman fought back)"* – **Canadian Living Magazine**

**Liz Cole**, author, was victimized by an online career con artist - but she turned the tables to expose the con man on national television. Her story was featured on CTV Television's W5 program and a tell-all blog.

Cole had just gone through a painful divorce and her self-esteem and confidence were at an all time low. On the advice of friends she tried online dating and soon met up with a charmer who fed her lies about his life of wealth and privilege in Ireland. Marriage proposals followed, along with requests for short-term loans – just until his rich relatives came through.

By the time she saw through his fraud, he'd already won the affection of her family with promises of gifts to come – then his selfish world of make-believe ended and he vanished. While many victims would be too distraught to think, Cole fought back, tracking the 'Irish Lad' down and exposing the Quebec resident's fraudulent lifestyle on national television.

Cole's true story is a wake-up call to online daters and others seduced by Internet 'lovers' who are not what they appear to be. This timely, provocative and informative book is a certain hit in the Internet Age. “Outstanding! The most in-depth explanation of how to use the Law of Attraction to get practical results I've seen yet. Get this one!” - **Dr. Joe Vitale**, author, *The Attractor Factor* and *Zero Limits* and contributor to *The Secret*

“*The Law of Attraction: Making it Work for You!* is a wise and informative coach... help you to attract what you desire into your life and guide you to true prosperity.” From **Foreword** by **Dr. Bernie Siegel**

“This is the book you've been waiting for... clearly explains how to tap into the powerful benefits of the Law of Attraction and reap its awesome rewards.” - From **Introduction** by **Scott Shaw**, author, *The Zen of Everything*

In *The Law of Attraction – Making it Work for You*, Morrison and Singh delve deeply into spiritualism of the Law of Attraction as a means to achieving happiness and contentment that goes beyond amassing wealth. It's a breakthrough, enlightening, insightful book that truly explains how you can utilize the Law of Attraction to achieve a lasting, successful life – not just financially, but on many different levels. The success of *The Secret* and the *Law of Attraction* books had an unexpected negative result – it left some people believing the power of positive suggestion is so powerful, anyone not successful only has their self to blame. As expert spiritualists, Morrison and Singh knew there was more to the Law of Attraction than wishful thinking.

Their prior book *NEXUS* was paired by Amazon websites with *The Secret* and *The Law of Attraction* and both writers were taken aback by the backlash to these bestsellers, including testimonials from those who lost friends to the pursuit of materialism. As their contribution to the genre, Morrison and Singh have created a bridge toward deeper understanding with their own insightful breakthrough bestseller.

**Audience:** Fans of *NEXUS*, who helped propel that book high in amazon.com rankings are sure to embrace *The Law of Attraction – Making it Work for You!* And strong interest from anyone interested in practical ways to utilize the Law of Attraction to attain positive life transformations. This book was also paired by Amazon with *The Secret* and *The Law of Attraction* titles and it went into multiple printings.

***Political Losers – In Canada, U.S., Ukraine:*** History is invariably written from the perspective of the winners. But losers also have stories to tell. And there are valuable lessons to be learned from the defeated. Join author Michael B. Davie as he examines the meaning and significance of such diverse events as the 1700s Acadian expulsion in Canada; Vietnam War and the defeat of Walter Mondale to Ronald Reagan in the United States; and the forced famines of the Ukrainian Holocaust. It's a fascinating look at those who faced life's trials - and came in second.

***Distant Voices – Canadian Politics on the Outside, Looking In:*** The government of the day enjoys enormous freedom to enact legislation and exert its will on the population. On the sidelines of political power are other players who struggle to make their voices heard. This book looks at three groups on the outside looking in: the media, the opposition Canadian Alliance Party and its forerunners; and women. The author examines the contribution made by each of these outsiders, the challenges they face and the limitations they encounter. He also explores the circumstances and conditions needed to increase their influence and ensure their distant voices are heard.

***Canada Decentralized: Can our Nation Survive?:*** "Formerly able to over-rule provincial laws, Canada is now helpless to stop Quebec and other provinces from acting against national interests. The author examines the high cost of decentralisation and its dire implications for Canada's future.

***Quebec and Section 33: Why the Notwithstanding Clause Must Not Stand*** – Quebec separatists have proven they'll stop at nothing in their quest to crush English language rights and turn a bilingual Canadian province into a French-only separate state. Quebec's provincial government alarmed many when it enacted its odious sign law restricting the use of English. This blatant human rights violation was struck down by the Supreme courts of Quebec and Canada. But Quebec enacted its sign law anyway, by invoking its infamous Section 33 Notwithstanding Clause. Author Michael B. Davie explores Quebec's controversial use of Section 33 - and the danger the Notwithstanding Clause poses to all Canadians.
